

Blue sea tuna, genuine Scotch oatmeal,
Branose meal.—A. G. Bain & Co.

ST. PAUL'S GREAT YEAR

Recognition of Services of Dr. Drummond.

MR. KNOX RETIRES

After 22 Years' Service On the Board

Splendid reports of every branch of the church work; an expression of appreciation of the services of Rev. Dr. Drummond as pastor; an expression of appreciation of John Knox, who gave twenty-two years of faithful service to the work of the church as manager and otherwise. These reports were the order of the annual meeting of St. Paul's Presbyterian Church, held last evening, and which was very largely attended, it being claimed that the number present exceeded the attendance at any annual meeting for several years.

There has not been any doubt in the minds of persons regarding the progress of St. Paul's Church, but those who listened to the reports as presented last night could not but realize that there was being accomplished a service even more extensive than that of any other church in the city. As a result of the mission, seven congregations had been started in Italy. Every report was very acceptable, and was rendered in detail. All were enthusiastically received, and provoked outbursts of applause.

Dr. Drummond was granted an increase in stipend of \$200. Rev. Dr. Drummond will now receive \$4,000 per annum. In acknowledging the increase, the pastor referred to the work he had been engaged in, pointing out the results could not be figured up very easily. As Italian wandered into the Italian mission in the east end, to which St. Paul's church gave much assistance, and touched by the spirit of truth, and returned to his own country, only to come back to America and become a member of St. Paul's church.

John Knox was elected chairman of the meeting and Dr. R. M. Moode secretary. Rev. Dr. R. M. Moode had conducted devotional services, and was held in the church chapel, and the society will attempt to make a considerable weather condition.

The first report was that of the session, read by Suburban Minister, J. G. Gill. In this report reference was made to the work of the year of progress just past. A high average of \$100,000 was at Sunday school was pleasing. Thirty pupils were enrolled for regular attendance. The attendance for the year was as follows:

Added by certificate	730
Added by profession of faith	80
Removed by certificate	24
Removed by death	24
Removed by other	24
Total membership	702
Payments	702
Average attendance	200

The session's financial report showed receipts, \$18,919; disbursements, \$18,915; balance, \$184.

The report of the managers showed the receipts to have been \$10,000, and the disbursements \$5,500.10 for collections and \$5,010.50 for rent. After paying all disbursements there was a balance on hand of \$4,489.60.

The managers' aim is to pay \$2,000 on the mortgage and to reduce it to \$1,000 a year without special effort. Other members of the board have been working for the building and improvement of the church and schoolroom. The recent census has been a systematic giving and contribute more while envelopes for the ordinary expenses.

The pupils and musical services are at present of a high standard. Your managers have decided that the stipend shall be advanced to \$4,000 in 1914.

It is expected that six of the church windows will have been replaced by stained glass by the end of the year. Next May, greatly enriching the interior. The subject chosen will be a sketch of the increasing work of the church.

It is a duty proper to remind the congregation that the church windows were dilapidated and that the donors of these memorial windows have not only enriched the interior, but have saved the congregation very considerable cost for new windows and glass.

A guarantee for one-seventh of the cost of attempting to secure track depression on Hunter street has been given.

Mr. J. R. Moode read the report of the Missionary Board, which was a very successful year, according to the report. Mr. Moode declared that in 1913 there were more of a creditable work than in any other department of 1913. In 1912 the average attendance of 150 was maintained. In 1913 the averages were 22 teachers and 238 scholars. The largest attendance of 400 was maintained. The average attendance of 1913 was 22 teachers and 238 scholars. The largest attendance of 400 was maintained. The average attendance of 1913 was 22 teachers and 238 scholars.

The report of the music committee was presented by A. C. Turnbull. Robert Dorrin received an honor which had a very successful year. Reference was made to the organists during the year. The financial balance on hand was \$11,716.

The Ladies' Aid was reported by Mrs. Wallace. The labors of the society were not of an arduous

nature. Nine meetings had been held, with an average attendance of four. This shows the importance of the report. The receipts of 1913 had amounted to \$204.77, and a balance of \$104.77.

Mrs. Mitchell read the report of the deacons, which was just as encouraging as all other reports. The deacons had been very successful.

The Home Circle Mission Band report was read by Miss Morrison. Receipts had amounted to \$322.41, balance \$41.41.

Miss Jessie Morton reported for the Home Mission Auxiliary. The average attendance at the meetings has been Receipts, \$102.22.

The Women's Foreign Mission Society's report was read by Mr. Moode. The number of officers was 10. The membership was 50.

The Young People's Society of Christian Endeavor reported a highly acceptable, much having been accomplished in 1913. Receipts were \$100.00. The number of members was 115.

The Young Men's Guild, "ceased to exist," reported that their funds had been given to the building fund of the church. George Brown gave the report. The number of members was 10.

The report of the trustees of St. Paul's Church was read by John Leggat. It pointed out that the sale of the Ladies' Mission Society's property, had been completed, and the new church in the east end, which was very largely attended, it being claimed that the number present exceeded the attendance at any annual meeting for several years.

The election of a new trustee took place. J. M. Young, son of J. M. Young, was elected. The number of members was 10.

White and R. M. Allworth were elected trustees for the year. The number of members was 10.

FOUR WINTERS

OF RHEUMATISM

Overcome by St. George's

Remedy By "Fruit-A-Tive"

Ridgeway, Ont., May 21 1913—"Fruit-A-tive" cured me of Rheumatism. It was the only medicine that I used. I had been suffering for two years. I was a sufferer from Rheumatism. I was up and down for four winters and was completely crippled.

My doctor of mine told me that "Fruit-A-tive" helped him, and I started to take it. I used "Fruit-A-tive" for two years. I was a sufferer from Rheumatism. I was up and down for four winters and was completely crippled.

My doctor of mine told me that "Fruit-A-tive" helped him, and I started to take it. I used "Fruit-A-tive" for two years. I was a sufferer from Rheumatism. I was up and down for four winters and was completely crippled.

My doctor of mine told me that "Fruit-A-tive" helped him, and I started to take it. I used "Fruit-A-tive" for two years. I was a sufferer from Rheumatism. I was up and down for four winters and was completely crippled.

A TERRIBLE STORY
Told By Deaf Mute Girl
At Niagara Falls.

Niagara Falls, Ont., Jan. 19.—Deaf and dumb, with a broken heart and a broken home, a fifteen-year-old girl giving her name as Winifred Graham came to police headquarters to-day claiming that her father had been brutally treated here in Merritt and thrown out of his house five days ago, since which she has been wandering about from place to place getting what she could to keep her soul together and stopping where she could get a night's rest.

When questioned on paper she told Chief Kimmins that her injuries were due to her stepfather's treatment. The Medical Officer of Health examined the girl and found that it would be necessary to treat the arm and foot. The girl faintly told that she was from the stationery office, where she was employed, and that she had been thrown out of her home.

Chief Kimmins will make an investigation.

KILLED BY CHOPPING MILL.
Simco, Jan. 19.—The funeral of Frank Edmonds, of Larnerville, who succumbed to injuries received when he was crushed in the machinery of a chopping mill last night, was held to-day at Oakwood cemetery here. He was the son of Ben Edmonds, a merchant, of Simco, and leaves a young widow. He was about 25 years of age.

GOSPEL OF WALL STREET

New York, Jan. 20.—Today will probably continue to display cross currents, irregularity and the usual backing and filling natural to and coincident with the waiting market in a trading area. The president's trust message is the feature of dominating interest at present, and it will be closely read and digested not only here but abroad. On reactions we have been good buying will be found in the standard issues.

The maintenance of a good tone and technique is probably due to returning confidence and investment demand, together with the secondary issue of stock exchange seats which is having a very beneficial effect on the market. The information channels are partially large. Union Pacific may be the reaction. The buying of S. P. and St. Paul continues to be good. It is taken on recessions. Copper stocks are destined for higher prices, also.

GRAIN-PURCHASES ON REACTIONS

(Supplied by H. P. Coleman, 19 King Street West)

New York, Jan. 20.—The market is advancing this morning in underlying conditions is real and that market reactions will be but temporary in standard issues. Atchafalaya is being bought for well informed speculators. The margin of safety, dividend requirements is substantial. Big Union Pacific is reported to be in the hands of the constructive side of prices. The statement is made by respectable commission houses. Copper shares are being made prominent and mentioned as likely to advance materially during the next few weeks. Notwithstanding the denial of favorable developments in Reading we have the strongest reasons for believing that action benefiting stock prices will be taken in the near future. Short time loans are being made in many quarters in preference to using the call money market.

PROFESSIONAL TRADERS ARE BEARISH

A T. G. and say that profit taking has been general on the advance. T. P. and G. and R. G. will be exceptionally well bought upon setbacks for current prices.
